

Greetings

As most of you know. When you are in the C/3/22 website and click on any photo of our KIA's in the hero's section, it will take you to another website called Together We Served. This is where their profile page comes up. You will notice that the page has changed. I know that some of you are not happy with the new page format but have no fear. You can still view the original page. It's still there. All you have to do is look to the left of the page and under their photo there is a box that says Full Service History. If you click in that box, it will take you back to the original profile page.

Also when you are in the original page, there is a search box at the top right. There you can type in other service personals names. You may find buddies you took basic with if someone created a profile page for them. Remember you don't have to be a KIA or MIA to be on this website. If you would like to join Together We Served, you can create your own profile page. All you have to do is go to www.togetherweserved.com. On the home page, click on and view the short video.

Best regards
Ruben G. Sanchez
